

Plumstead Dental Surgery

NHS Dental Fees

NHS treatment fees for paying patients are divided into three bands of treatment:

Band 1 Diagnosis, Treatment Planning & Maintenance

Clinical examination, radiographs, scale and polishing by dentist, preventative work (e.g. oral health assessment, study models, denture bases). **£19.70**

Band 2 Treatment

Simple treatments (e.g. fillings including root canal treatment, extractions, surgical procedures and dental additions, periodontal treatment). **£53.90**

Band 3 Provision of Appliances

Complex treatments that include a laboratory element (e.g. crowns and dentures, mouth guards). **£233.70**

Band 4 Urgent Treatment

Urgent treatments (emergency only) (e.g. assessment, radiographs, dressings and one of the following: re-cementing crowns, up to 2 extractions (if no injection) and 1 filling). **£19.70**

Please note that these charges are current as of 1st April 2016 and continue until such time as they are amended by the NHS.
